Description

The MultiTable Electric Base is our high quality electric height adjustable table base offering unparalleled performance. It is the perfect solution for any health-conscious working environment and creates a European contemporary look to any interior décor.

Primary features and benefits:

- Raises and lowers from 27.5 inches to 47 inches using high quality Bosch® dual motors
- Fastest in the industry, with only 9 seconds to raise from the lowest to the highest point!
- Features an intelligent computer that offers a "soft-start" and "soft-stop" (It doesn't spill your coffee...)
- Flexible base design allows the width to adjust to accommodate most different-sized desktops (see specs)
- Crafted from rolled stamped steel for superior strength & stability
- Offers a fine powder coat finish for maximum durability
- Includes a 5-year limited warranty and 30-day no risk return guarantee
