Warranty

5-Year Limited

The MultiTable Desktop Sit to Stand Workstation quickly converts any fixed height desk into an active height adjustable workstation in seconds. Unlike other popular sit-to-stand workstations, the MultiTable Desktop Sit to Stand Workstation is equipped with an advanced weight adjustable pneumatic mechanism. This allows the user to tailor the weight tension setting to accommodate the combined weight of their worksurface. Users can easily lift up to 35 lbs up or down without physical exertion or electric power, and the tool is always handy with the integrated tool storage.
